

## INVESTIGATION OF RAILROAD HEAD'S STATEMENT ASKED

### Labor Leaders Say If His Statement Is True Congress Should Be Asked to Pass Remedial Legislation--Allege Roads Conspired to Prevent Efficiency.

(By The Associated Press)  
CHICAGO, Jan. 31.—President Wilson was asked tonight by presidents of seven railroad unions to investigate the statement of Brigadier General W. W. Atterbury of the Pennsylvania Lines that the roads must have a wage readjustment or be in danger of bankruptcy, and if the statement were found true to place the matter before congress and ask that body to enact remedial legislation immediately.

The union leaders, however, in a telegram to the president making the request, declared they did not believe the roads to be in the financial condition outlined by General Atterbury.

They charged that he had by delivering what they termed "an ultimatum" to the labor board, "violated all decent proprieties, disregarded the transportation act and flouted existing agencies, such as the interstate commerce commission and even congress itself."

"General Atterbury's obvious policy," the telegram said, was to "disrupt labor unions, turn public opinion against the employees and place wages on a pre-war basis so that railway profits may be enhanced when prosperity returns."

Would Exploit Labor  
The shipper would have to pay increased rates and the laborer would be exploited if General Atterbury had his way, the union men declared.

In support of these statements that they did not believe that General Atterbury was presenting the actual facts in his statement, the union leaders declared that investigation of the management of the railroads had revealed the following:

"That the transportation system of the country is absolutely controlled by the New York banking group centering around the house of Morgan.

"That this group is creating economic service to the public and the welfare of the employees as a consideration secondary to the selfish purpose of squeezing shippers and farmers and of destroying legitimate organizations of their employees.

"That investigations made by governmental agencies will show that railroads have encouraged inefficiency and inflated costs.

"That the roads have deliberately attempted to prevent employees from showing records of efficiency under the national agreements and in many cases have undermined morale.

"That despite claims as to the restoration of efficiency under private ownership, the roads have found it to their interest temporarily to operate inefficiently and uneconomically.

"That they are attempting to discredit organized labor by charging this lack of economy to the organizations of their employees.

"That they have revived the old financial practices which prevailed previous to the passage of the Clayton Act in 1914.

"That they have contracted with concerns controlled by them for the repair of hundreds of locomotives and tens of thousands of freight cars at excessive prices.

"That in the above outlined practices, they have conspired to inflate the cost of railway operation . . . and especially to charge all the disorganization and lack of economy to governmental policies inaugurated under your administration."

## FORMAL APOLOGY IS OFFERED BY ALLEN TO GERMANY

### Is Made for Attempt to Arrest Grover Bergdoll

### BAKER REFUSES TO DISCUSS CASE

(By The Associated Press)  
BERLIN, Jan. 31.—Brigadier General Henry T. Allen, commander of the American army of occupation on the Rhine, has made a formal apology to both the Berlin government and the government of Baden for the recent attempt by men connected with the American forces to take into custody Grover Bergdoll, American draft evader and his chauffeur, Isaac Stecher, says an official statement by the German government here today.

The statement says that Colonel Stone, acting on orders from General Allen, called on the imperial commission for the occupied Rhine area and declared General Allen desired to make a formal apology to the imperial German and Baden governments for the attempts to arrest Bergdoll on Baden territory. Thru his official representative the communication states, General Allen states he had given orders for the attempt against Bergdoll, which he greatly deplored.

The order for Bergdoll's arrest, General Allen stated was issued by the provost marshal in Coblenz, who only recently arrived in Germany and who was under the impression that Bergdoll was sojourning in the French zone of the occupied area.

### Has Official Information.

Washington, Jan. 31.—The war department today finally conceded that it had official information that Grover Cleveland Bergdoll, wealthy Philadelphia draft evader was in Germany.

Secretary Baker announced that he had received a cablegram today from Major General H. T. Allen, commanding the American forces on the Rhine, saying he had ordered a thorough investigation of the circumstances surrounding the attempt to abduct Bergdoll at Eberbach last week in which two American army intelligence officers were alleged to have been implicated.

Mr. Baker said he had no further information and refused to discuss any angle of the case until he had heard more details from General Allen.

## RAILROAD HEAD WANTS AGREEMENT ABROGATED AT ONCE

### Says Situation is Such Few Days Delay is Dangerous

### MANY ROADS ARE ON VERGE OF BANKRUPTCY

(By The Associated Press)  
CHICAGO, Jan. 31.—American railroads, thru Brig. Gen. W. W. Atterbury, vice president of the Pennsylvania Lines, today before the railroad labor board urged immediate abrogation of the national agreements between the roads and their employees and brought to a focus what railroad executives declared was a critical situation threatening many roads at present with bankruptcy. No wage reductions would be asked if the agreement were annulled, Mr. Atterbury said.

The course recommended by General Atterbury was interjected into the road's hearing on rules and working conditions which has been in progress for more than three weeks.

Vigorous protest, charging the railroads with violation of the transportation act, was made by J. G. Luhrs, president of the American Train Dispatchers' Association, in reply to General Atterbury's statement. Notice that a reply would soon be forthcoming from the sixteen brotherhoods was also given by B. M. Jewell, president of the Railway Employees' Department of the American Federation of Labor. Tonight Mr. Jewell sent a long telegram to President Wilson protesting against any interruption of the board's proceedings.

"The socialists asserted three years ago when the men were indicted and repeated two years ago at the time of the trial that the men were being punished not for specific acts but solely and only for their work as members and officials of the socialist party."

"In other words the socialists declared that the prosecution of the five men together with the prosecution of Eugene V. Debs and other espionage cases where political trials and that the men are being punished for political opposition to the dominant political party for no other offense. The statement applauded the supreme court decision as far as it related to Judge Landis and attacked the motives of that jurist. It then turned to the Debs case asserting that President Wilson "had refused to recognize the fact that the hysteria of the war period is over and that savage punishment for political heresy is out of date."

"Political trials, political prisoners and punishment for political heresy have always been out of place in America and this country will be a better place to live in when that chapter is closed," said the concluding sentence of the statement.

Morris, United States ambassador to Japan and Baron Shidehara, Japanese ambassador here in the negotiations recently concluded tentatively agreed upon a treaty, "which in effect repealed the California alien land law."

## KIDNAPING WAS FOR REVENGE ON WOMAN'S HUSBAND

### Police Say Alleged Kidnapers Made Confession

### MRS. WITHERELL MAKES STATEMENT

(By The Associated Press)  
LOS ANGELES, Cal., Jan. 31.—Arthur Watson, (Jack) Carr and Floyd L. Carr, cousins, alleged kidnapers of Mrs. Gladys Witherell, will be on the way to a penitentiary tonight if plans made public by the police department late today are carried out.

These plans were to have the men agree to a speedy preliminary hearing before a justice of the peace and trial in the superior court; plead guilty; accept sentence and start under guard for the penitentiary tonight.

At the police station the Carrs said their true names were Arthur Watson Carr and Floyd L. Carr. The former said he was known as "Jack."

Motive Was Revenge.  
The Carrs here three months ago, "Jack" Carr said, and had taken most of that time preparing for "revenge" on the elder Witherell because he had once "blocked a deal" whereby Floyd Carr could have gotten a fishing yacht, according to the police.

"We sure treated the little dame (referring to Mrs. Witherell) all right," the police said "Jack" Carr told them. "We even bought her a powder puff, candy and the daily papers."

Mrs. Witherell here up well until after she was reunited with her child. Then she suffered a nervous collapse and on the advice of a physician was put to bed. Thru her husband she gave out a brief story of her abduction. It follows:

"I was getting dinner last Tuesday night—Mother Witherell was coming over—when he, the man I learned later was Floyd Carr, came to the door saying some one was calling for me—some one hurt in an accident on the boulevard.

"I had never seen him before but I thought my husband's mother had been hurt so I went with him. We got into a machine down the street. Another man who I found out afterwards was Arthur Carr, was at the wheel. I rode in the back seat with the one who came to the house.

"We turned out to the boulevard. I was wondering how soon we would get to the scene of the accident."

Was Chloroformed.  
"They did not say much, and suddenly I knew something was wrong. I tried to jump out but one of them grabbed me. I felt a wet rag around my face. I smelled the odor of chloroform."

"I struggled as long as I could. Then I knew nothing."

"I came to just before we reached the cabin where they kept me."

"They told me the were after money. I realized I must wait my chance to escape. The next day they let me write to my husband, just to say I was all right. They told me afterward they sent my letter with their demanding \$20,000 to let me go."

"No they did not hurt me. When they took me out of the house for fresh air they blindfolded me. Floyd Carr was with me most of the time. They brought me the papers. I did some of the cooking I was wild to do anything besides wait."

"Wait, wait, I could not sleep. I was so worried about the baby—he had not been well—and my husband and all my family."

"All the time I was away—those terrible days and nights I slept only an hour and a half."

## SOCIALIST EDITOR AND FOUR OTHERS OBTAIN NEW TRIAL

### Had Been Convicted of Violation of Espionage Act—New Trial Granted by Supreme Court—Held That Judge Landis Was Ineligible and That He Should Have Retired

(By The Associated Press)  
WASHINGTON, Jan. 31.—Victor L. Berger, Socialist editor of Milwaukee and four co-defendants who were convicted and sentenced to terms ranging from ten to twenty years for violation of the war time espionage act will be given new trials under a decision today by the supreme court.

Dividing six to three the court held that Federal District Judge K. M. Landis of Chicago was ineligible to conduct the trial and should have retired upon the filing of an affidavit by the defendants charging him with "personal bias and prejudice" because of the nativity of certain of them.

The co-defendants are Adolph Gerner, national secretary of the Socialist party, a native of Prussia; William Krus, editor of the Young Socialist Magazine, whose parents were German; J. Louis Engledahl and Irwin St. John Tucker writers and lecturers, natives of the United States and in claiming to be not of immediate German descent.

A Question of Error.  
The sole question before the supreme court was whether Judge Landis had erred in continuing to sit in the case after counsel for the defense had filed a properly drawn affidavit of prejudice. Six members of the court, including Chief Justice White, held that he did. Three other members, Justices Day, Pitney and McReynolds, held that he did not and filed opinions sharply dissenting from that of the majority.

Justice McKenna, departing from his written opinion said it should be of no importance to the case whether he sat in any particular case. He added that the section of the judicial code under which the affidavit was filed was drawn to assure that the court not only would be impartial but would be free even a suspicion of partiality.

"We are of the opinion therefore," he continued, "that an affidavit upon information and belief satisfies the section and that upon its examination if it shows the objectionable inclination or disposition of the judge, it is his duty to proceed no further in the case."

"The facts and reasons the affidavit states are not frivolous or fanciful, but substantial and formidable and they have relation to the attitude of Judge Landis' mind toward the defendants."

The affidavit filed by Berger and the other defendants set forth as alleged proof of Judge Landis' "personal bias and prejudice" remarks the jurist made in imposing sentence upon August Wiesenel, a German-American, on November 1, 1918. Judge Landis was alleged to have said then in substance:

"One must have a very judicial mind, indeed, not to be prejudiced against the German-Americans in this country. Their hearts are reeking with disloyalty. If defendant is the kind of man that spreads this kind of propaganda and it has spread until it has affected practically all the Germans in this country."

Justice McReynolds in his dissenting opinion said that a public officer who "attained no aversion towards disloyal German immigrants was simply unfit for his place."

"And," he ended, "while an overbearing Judge is no well tuned cymbal neither is a morose dunno unperturbed by human emotions a becoming receptacle for judicial power."

"The indicated prejudice was toward certain malevolent men from Germany, a country then engaged in Hunnish warfare, and notoriously encouraged by many of its natives who unhappily had obtained citizenship here. An intense dislike for a class does not render a judge incapable of administering complete justice to one of its members."

## WILSON REFUSES COMMUTE DEBS TEN YEARS TERM

### Act Causes No Surprise Owing to Previous Decisions

### CASE REVIEWED BY THE SPECIAL BOARD

(By The Associated Press)  
WASHINGTON, Jan. 31.—Recommendations by the department of justice that the ten year sentence of Eugene V. Debs, long a prominent Socialist leader and now serving a ten year sentence at Atlanta, Ga., for violation of the war time espionage act, be commuted, effective Feb. 12, next (Lincoln's birthday) was rejected today by President Wilson and commutation refused.

The decision of the president came as no surprise because of his previous refusals to intervene in the case on the ground that Debs had sought to handicap the government thru opposition to the selective service act during the war and that the granting of clemency in this case might induce similar tactics on the part of others in the event of another war.

The case was reviewed by a special board now taking up all convictions under the espionage act and their findings were endorsed by Attorney General Palmer.

The findings are understood to have pointed out that Debs would be eligible for parole on August 11, 1922, and that his sentence in case of good behavior would expire on December 28, 1925.

The recommendation is understood to have suggested that Debs had been adequately punished by his confinement since June 15, 1919.

Petitions were presented several months ago by union labor and Socialist leaders asking for the release of the man, now 64 years old, who four times has been a candidate for president of the United States.

When placed on trial at Cleveland, Debs called no witnesses in defense and made the only argument in his own behalf. In appealing to the supreme court he attacked the admission in evidence by the lower court of the St. Louis platform which he endorsed and records from the trial of Rev. Pastor Stokes and alleged that he had been tried on his "state of mind."

## SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

## GREAT ADDRESS MADE FROM FORUM PLATFORM

Audience at Congregational Church heard President Jenkins of Union Theological Seminary.

"The Puritan Conscience in American Fiction" was the subject that held the attention of Forumites at the Congregational church Sunday evening. President Jenkins of Union Theological College, held his audience in his grasp the whole of the time. With a perfect flood of oratory the speaker narrated scenes from the great novels of the American people.

First of all the Puritan conscience was defined. Its influence in the life of the nation was called to the attention of his hearers and then the speaker launched into the specific novels which he wished to make representative.

Hawthorne, Harriet Beecher Stowe, Edward Everett Hale, Winston Churchill and Charles Rann Kennedy were among the galaxy of authors who were presented. Hawthorne was praised especially because of his fine understanding of child life and what it meant. The speaker complimented the city on the exceptional equipment which the Congregational church has built for the welfare of boys and girls. Winston Churchill was given credit for the Puritan conscience which he made much of in his great novel, Harriet Beecher Stowe received high commendation for her splendid understanding of the heart of the people.

Not for literary genius or work that would pass muster with the most conservative critic but because she was able to lay hold of the conscience of the American people, because of that Harriet Beecher Stowe's novel is great. In the Servant in the House, the speaker found the conscience which rebelled against the ecclesiasticism which was nothing more than empty form.

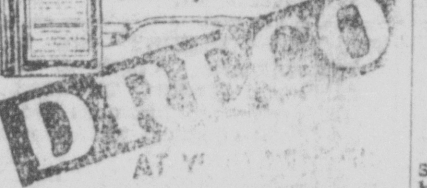

Those who heard Dr. Jenkins will not soon forget his portrayal of the drain digger, the Bishop Maleshiff and Manson who represents the Christ. It was great.

For an hour this college president held his audience spellbound as he gave this unique interpretation of the American novel.

It is interesting to note that Mr. Collins announced for next Sunday

## Keep Your Blood Pure

### Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system and keeping the blood supply pure and robust.

For this purpose, no remedy equals S.S.S., the fine old blood purifier that has been in constant use for more than fifty years. Being made from the roots and herbs of the forests, it is purely vegetable, and contains no mineral substance.

Get a bottle of S.S.S. at your drug store today, and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 830 Swift Laboratory, Atlanta, Ga.—Adv.

Miss Laura A. Hess passed away Sunday afternoon at 3:50 at the home of her sister, Mrs. Fred Drake, 409 West College street, after an illness covering a period of many years.

Miss Hess, daughter of the late David and Sarah J. Hess of Canton, Ill., was born in that city where she lived the greater part of her life. Mrs. Drake lovingly and faithfully cared for the invalid sister for many years, and to the last, Miss Hess was a patient sufferer and her ambitious nature, in spite of her affliction, bought her in contact with many Jacksonville citizens among whom she had many friends who will be grieved to learn of her death.

The following brothers and sisters are left to mourn her loss:

Charles A. Hess, Glenn, Mo.; Frank S. Hess, Phoenix, Arizona; Ernest W. Hess, Memphis, Tenn.; Fred D. Hess, Peoria, Ill.; Miss Cora A. Hess, Phoenix, Arizona; Mrs. Fred Drake, Jacksonville, Ill.

Funeral services will be held at 9:30 Tuesday morning at the home of Mrs. Drake, and at 11 o'clock the body will be taken to Canton, Illinois to be laid to rest in the cemetery there, the place of her birth. Friends invited. Please omit flowers.

## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Jacksonville people. Ask your neighbor!

Mrs. A. Long, 900 Boesley Ave., Jacksonville, says: "Doan's Kidney Pills are the best kidney remedy I have ever used and I have recommended them to many people. I took Kidney Pills for lameness across my back. At times I was so bad I could hardly get thru with my housework; my kidneys weren't acting right, either. I was advised to use Doan's Kidney Pills and I got some at Alcott's Drug Store. They soon removed the trouble and I haven't had any symptoms of kidney trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Long had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## HAD TERRIBLE COUGH AND NIGHT SWEATS

Cough About Gone, Eats and Sleeps Well, and Gained 12 Pounds

"In December, 1913, I had a fearful cough, and my physician ordered me to change climate immediately. I went to San Antonio, Texas, and entered a sanatorium. Left there and came to Oklahoma City in October, 1915. Had no appetite, could not sleep, had night sweats and was losing from one to three pounds a week. I also had catarrh of the bowels, which the doctors had been unable to relieve.

"Relatives urged me to try Milks Emulsion. I did so and began to improve, slowly at first, but steadily. My weight has increased 12 pounds, I have no temperature, and my cough is about gone. I can eat heartily, sleep well, and am working at my trade again."

V. W. Neff, No. 20, Dewey St., Oklahoma City, Okla.

Nature does wonders in fighting off disease, if given the chance. Milks Emulsion is a powerful help in providing strength and flesh. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case you are urged to try Milks Emulsion under this guarantee. Take six bottles home with you, use according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.00 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

## K. C. MINSTRELS FOR CHILDREN LAST NIGHT

The K. C. minstrels show was given last evening at Liberty hall, for the children. A large audience of youngsters was present and they were very enthusiastic in voicing their approval of the performance. The show is very snappy and clever and the singing, dancing and acting is exceptionally good. Judging from the casts' first appearance last night, the regular performances tonight and tomorrow night are going to be up to a high grade of theatrical production.

Could Not Sleep

Springfield, Ill.—"Dr. Pierce's Favorite Prescription is an excellent building tonic for weak women. I was all run-down, had no appetite and my nerves were so bad I could not sleep. I had no ambition, never seemed to get rested or have any strength. I had been advised to take Dr. Pierce's Favorite Prescription so I decided to give it a trial and I was completely restored to health and strength. I felt like a new woman."

## The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex, then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

The Need for Scientifically Trained Nurses is greater now than ever before. The field offers the serious minded, purposeful young woman rare opportunity not only to measure up to one of the real needs of the world but to gain Real Success for herself.

### The University Hospital School of Nursing, of Chicago

affords every modern and scientific help to that young woman to attain the scope of preparation. Because of the affiliation between the University of Illinois College of Medicine and the Hospital, students at this School of Nursing are by valuable educational privileges at the Medical College and are graduated at the annual commencement of this College.

Applicants are admitted to the University Hospital School of Nursing as candidates for a three-year course. Graduate in Nursing or a candidate for a four-year course leading to the degree of Bachelor of Science in Nursing.

## A time-tested investment service

**THE Straus Brothers** Company had its modest beginning in Civil War days, in the town of Ligonier, Indiana.

FOR many years its financing operations were confined to the agricultural field, the most important industry in the middle west at that time.

**STRAUS Farm Mortgage** gages gained a reputation for quality and dependability that has never been questioned

for 61 years. Three generations of conservative investors have provided a ready market for these securities.

WITH the broader commercial development of the country, The Straus Brothers Company logically extended its operations to include underwriting and distributing of preferred shares of well-established concerns making or dealing in staple commodities.

**PREFERRED Shares** of the "Straus Standard" have the conservative character of good industrial bonds. They are non-speculative.

**STRAUS Preferred** issues are attractive to small or large investors desiring an income of 7% or more without sacrifice of SAFETY. The net yield is exceptional because of the tax exemptions which apply to these securities.

IF YOU HAVE FUNDS TO INVEST in sums of \$100 or more, you will be interested in reading our new booklet 130, "Sixty Years of Safety," a guide to safe investments yielding 7% or better. Write or call for a copy.

DEAR OLD PETE:

Just wound up the one swellest day of my life! Since early this morning, when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes.

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply piker-stuff! Wipe off the slate and start fresh! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are hundreds of these machines batting out Camels at the rate of 27,000 an hour—EACH!

Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is charged with that wonderful aroma you get when you open up a deck of Camels! And, you know, old elephant—you've had a trunk full!

As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel free from any unpleasant cigarette aftertaste or unpleasant cigarette odor! And—

Pete—I'll have to lay off and light another Camel! Write you some more soon.

Yours joyously

Shorty.

Herbert Hoover in a recent address said, "This country is deep in the greatest economic problem it has ever faced."

"No government body, no political organization will show us the right road out.

"This must and will be done by our clear headed American business men."

Business is good if we keep the wheels turning. Don't stop! Keep going and avoid stagnation. Don't deprive yourself of the things you really need, but in buying be sure that you get the best, and if possible get it from the firm or individual who themselves show convincing evidence that they are trying to travel the right road.

## Daily Market Report

### SHARP SETBACK IN WHEAT PRICES

(By The Associated Press)  
CHICAGO, Jan. 31.—Predictions that Germany would refuse the allies' terms led to a sharp setback in wheat prices today in connection with acute weakness at Buenos Aires. The close was heavy 2c to 2 1/2c net lower with March \$1.60 1/2 and May \$1.48 to \$1.48 1/2.

Corn finished 1/4 to 1 1/2c down, oats off 3/4 to 1 1/2c. Provisions declined 5c to 50c.

Gossip about German intentions became current almost simultaneously with word that Buenos Aires quotation showed a break of 6 1/2c a bushel. A somewhat improved demand from domestic millers counted as a transient stimulus but in the end the uncertain financial outlook in Europe appeared to be acting as much more than an offset.

Corn and oats paralleled the action of wheat. Besides in the late dealings a notably enlargement of the corn visible supply total had a bearish effect.

Lower quotations on hogs pulled down provisions.

## WORKERS ARE NAMED

### IN RELIEF CAMPAIGN

Committee Chairman Announce Names of Persons Who Will Assist in City and County Canvass.

Organization is moving along nicely in the Near East and Central Europe relief campaign. M. C. Hook, the general city chairman, and Hugh F. Green, county chairman, made known the members of the soliciting teams yesterday. As already stated, a house to house canvass will not be made but from a list compiled the solicitors will be given the names of prospective subscribers. The condition of the roads will make impossible a thoro canvass in the country districts, but the solicitors appointed will probably do a part of their work by telephone.

The desperate condition of women and children in the areas where it is the intention to send aid is very well known and those in charge of the organization work are expecting a generous response so that the county's good name in assisting in worthy philanthropies may be maintained.

### SWIFT & CO. PRODUCE

### MARKET REVIEW

Poultry values showed but little change from the previous week. Live poultry prices are slightly higher than last week, due to continued light receipts and more active demand.

There is a continued increase in the production of fresh eggs throughout all producing sections, and fresh eggs in colored lots are being shipped eastward from California, Oregon, and Washington. This, with a larger production through the Central States, has caused a reduction in prices in the larger producing sections, and this has been reflected in lower prices to the producers.

Butter production is still reported normal; there was no particular change in prices during the week.

### SPEED BOYS WILL

### JOURNEY TO CHAPIN

The Speed Boys of this city will journey to Chapin Thursday to play the fast team of that city. Chapin has a fast team this year but the Speed Boys are determined to win. The Speed Boys have been showing up in fine form in the past few weeks and it is generally expected that they will win. Norris, the Speed Boys center, has cut an artery and probably will be unable to play. Chapin has a reputation this year of being one of the strongest teams in that locality.

Manager Cooney of the Speed Boys, made known that he will take the following men to Chapin: Sullivan, Gohert and Murgatroyd at forward positions. Norris and McKavit at center and Cooney, Pulaski and Martch at guards.

## BUSY EVENING IS

### SPENT BY COUNCIL

Much Business Is Transacted Before Adjournment Is Taken—Bids Received for Self Stokers.

Members of the city council spent a busy evening at the regular session Monday and a great deal of business was transacted before adjournment.

Automobile dealers and garage men of the city attended the meeting in a body and there was a general discussion of the ordinance for the licensing of gasoline and oil filling stations.

The ordinance calling the municipal primary election was given a second reading adopted and an ordinance amending certain sections of the election ordinance was adopted with an emergency clause attached.

Bids for the placing of self stokers for the boilers at the new light plant were read and referred to the water and light committees to report back at the next meeting.

The clerk called the roll which showed all members present except Ald. Ehnie with Mayor Crabtree presiding. Ald. Ehnie came in early in the proceedings and took his place in the council.

The minutes of the last regular meeting were read and approved except that the proceedings of this meeting were made to show that the initials of Mr. Chumley were S. G. instead of V. C. Chumley.

A petition from the automobile dealers of the city protesting the passage of an ordinance providing for the licensing of gasoline and oil filling stations within the city was read. The petition was received and placed on file.

Claims against the city were presented and all those properly approved were ordered paid.

**Motorcycle Policeman Appointed.**  
Ald. Cain announced the appointment of Mason Henderson as motorcycle policeman and moved his confirmation which was done by unanimous vote.

Ald. Moore reported for the fire committee that the new steam fire engine had been repaired and tested.

The tax levy ordinance was given a second reading and adopted.

An ordinance providing for the licensing of gasoline and oil filling stations was given a second reading and Ald. Cain seconded by Ald. Moore moved the ordinance be adopted as read.

The mayor then called for remarks and L. F. O'Donnell, D. N. James, Chester Joy, Ald. Cain, Mr. Floreth, R. W. Leggett, City Attorney Bellatti, G. Roy Scott and Ralph Withee spoke on the ordinance. The attitude that most of the automobile men took was that the ordinance was class legislation.

After an extended discussion Ald. Cain with the consent of his second withdrew his motion. Ald. Chapin then offered a motion which was seconded by Ald. Moore that the mayor appoint a committee of three to confer with the auto dealers and report at the next meeting. The motion carried and the mayor appointed Ald. Chapin, Cain and McGinnis. The clerk read an ordinance amending certain sections of the election ordinance. The ordinance was adopted with the emergency clause attached.

**Bids for Self Stokers.**  
Bids were then opened for installing self stokers on the boilers in the new municipal light plant. They were referred to the light and water committee to report back at the next regular meeting of the council.
